

Welcome to Team Media!

You are about to start on an amazing learning journey with us to find your niche in the world of creative media.

Throughout your course we'll set projects which will involve you generating lots of ideas and making something in response to a creative brief.

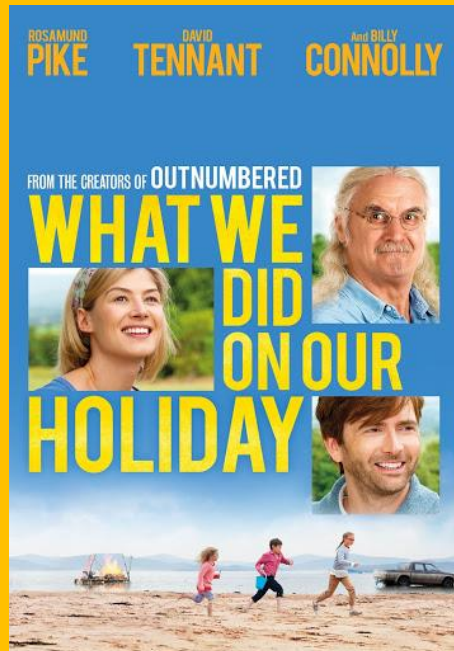

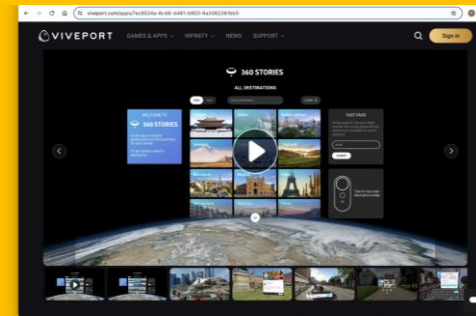

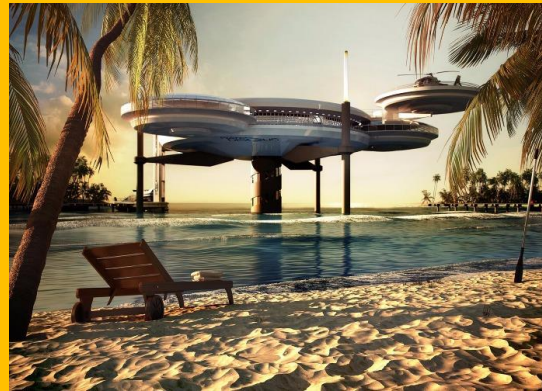

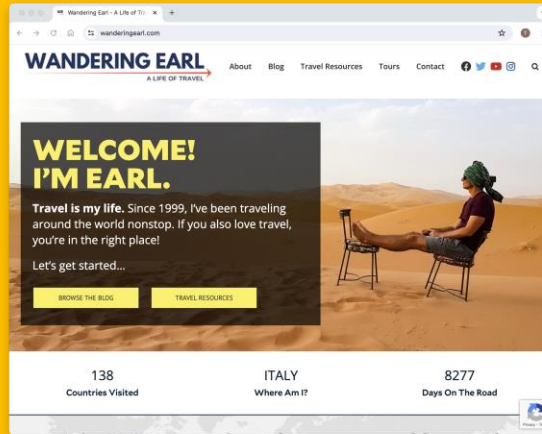

To start you off and allow you to demonstrate to us just how creative you can be, we've got a project for you to work on over the summer.

Since Victorian times British people have enjoyed summer holidays, and what we'd like you to do is think about '**Holidays of the Future**'. *What will they be like?* Think about locations, transportation, culture, food etc.

Your task before coming back in September is to create something inspired by the concept '**Holidays of the Future**' - it's up to you to decide what form this piece of work will take.

Summer Project
